WEB DESIGN

Construction & Design:

We can build simple web sites or multi-paged web sites that include images, forms, standard or personalized logos and buttons, flash photo galleries, online stores, and more. *Quotes are free.*

The fee for consultation on color schemes, fonts and other web site features is \$15 per hour, with a one-hour minimum. The fee for initial web site creation is \$25 per hour. For more about fees, see the section titled "Fees for Web Design" on page 5.

Web Images:

Personalized web logos and web buttons can be designed for an extra fee. Depending on the size and intricacy of the images desired, the fee can range from \$1.00 per image (for simple menu and e-mail buttons), to \$10.50 per image for company and personal logos with added images and/or animation.

Flash Photo Galleries:

WEBS DIVINE offers a "Flash Photo Gallery" service that presents images provided by the client in a flash photo gallery setting, viewable on their specific web site. Depending on the number of images or photo galleries desired, fees can range from \$65 (for a ten-picture gallery) to \$125 for larger galleries (eleven to thirty pictures). Any subsequent changes made to existing galleries will also acquire a \$2.50 fee for each occurrence. Fees will be based and adjusted depending on the size of each gallery.

OTHER SERVICES

Online Stores:

WEBS DIVINE can create online stores for PayPal account holders that include product pages, shopping cart and secure check out. The client's web host must be able to accept PHP 4.4.7 or higher, XML, CSS and other design files. The fee for online store creation is \$25 per hour, with a one-hour minimum.

Access Management:

WEBS DIVINE offers secure access management for "Members Only" areas of web sites, which includes password-protection of restricted documents and web pages. In order for the access management feature to function properly, the client must provide their web host FTP settings (user name, password, port number and ftp url). The client's web host must be able to accept PHP 4.47 or higher, along with having Apache and Apache-compatible servers. The server must also be ".htaccess" file-enabled. The fee for creation of an access management system is \$25 per hour, with a one-hour minimum.

Contact Forms:

WEBS DIVINE can design and create web site contact forms for a variety of purposes: general contact, comments, attachments and lists. Our forms include "Captcha" options. In order for forms to function properly, the client must be able to provide e-mail account name, SMTP user name, SMTP password, server port number, and SMTP server url (both outgoing and incoming). The client's web host/server must also allow PHP 5.3+ and cURL extensions. The fee for creation of online contact forms is \$15 per hour, with a one-hour minimum.

Newsletters:

WEBS DIVINE can create topic-specific personalized newsletters for viewing on the client's web site or as a linked PDF download. Colors, fonts and other design-specifics can be selected by the client. If given the general topic of the newsletter content, WEBS DIVINE can also write and edit the newsletter for the client at additional cost. Fees for online newsletter creation are \$15.00 per hour (design with client text) and \$25 per hour (WEBS DIVINE writing fee for general topic).

All generic forms offered can be personalized for a fee (\$20 per hour, with a one hour minimum). The fee for document conversions into PDF with client text is \$15 per hour, with a one hour minimum.

Press Releases:

WEBS DIVINE can also write and design press releases for the client's web site without visitors having to download any documents. Fees range from \$12.00 per hour, one hour minimum (for online press release with client text) and \$25 per hour, one hour minimum (WEBS DIVINE fee for writing press release).

Fees range from \$12.00 per hour, one hour minimum (online flyer with client text) and \$25 per hour, one hour minimum (WEBS DIVINE writing fee for flyer). Services are for online display only. However, if the client wishes a "flyer" for print, WEBS DIVINE can create the specified documents and then send them to the client via e-mail for print. WEBS DIVINE is not a printing service, but we can create documents for clients who have their own printing facilities or have access to retail printing facilities.

Maintenance:

Continued maintenance on a finished web site includes updates, minimal design changes and other design-related requests as needed. Our typical monthly maintenance fee is \$50 to \$150 depending on length and complexity. However, if a client wishes to completely re-do their web site or change the design altogether, the fee schedule for a new web site will apply.

We can convert text or html files into several popular e-reader formats, including EPUB, FB2, OEB, LIT, LRF, MOBI, HTMLZ, PDB, PML, RB, PDF, SNB, TCR, TXT, TXTZ. Our standard fees for EPUB (Barnes & Noble, Kobo) and MOBI (Kindle) conversions range from \$100 to \$250, depending on the number of pages involved. Other formats may include additional fees. For fee schedule, see "E-Book Conversion Services" on page 7.
